Mail Stop Petition  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

1. I, Carlos V. Duno, am the Chief Executive Officer and Chairman of Clean Fuels Technology, Inc. Mr. Daniel J. Klaich is the Executive Vice President and Attorney for Clean Fuels Technology, Inc.
2. On or about November 21, 2003, I received the Declaration signed by the co-inventors. I faxed the Declaration to Dr. Gunnerman with an explanation of why we needed his signature, and a request that he sign the Declaration and return it.
3. On or about November 25, 2003, after hearing no response to my first attempt, Mr. Klaich telephoned Dr. Gunnerman. Dr. Gunnerman and he said that he would not

sign anything until it had been reviewed by Dr. Henry Heines. Mr. Klaich then faxed the Declaration and a complete copy of the application, including Specification and Drawings to Dr. Heines with an additional copy to Dr. Gunnerman.

4. No response was received from either Dr. Heines or Dr. Gunnerman to the telephone and fax communications of on or about November 25, 2003.
5. On or about December 1, 2003, I telephoned Dr. Heines. He indicated that he had reviewed the documents and found nothing extraordinary about the documents. Dr. Heines indicated that he would advise Dr. Gunnerman that he had no objections to Dr. Gunnerman executing the documents. I asked Dr. Heines if I should telephone Dr. Gunnerman myself. Dr. Heines replied that I could telephone Dr. Gunnerman.
6. I telephoned Dr. Gunnerman on or about December 1, 2003. I relayed the conversation with Dr. Heines to Dr. Gunnerman. I requested that Dr. Gunnerman review, sign, and return the documents. Dr. Gunnerman indicated that he would "think about it".
7. Neither Dr. Gunnerman nor Dr. Heines responded to Mr. my request.
8. On or about February 3, 2004 I sent a letter to Dr. Gunnerman, again requesting execution of the Declaration.
9. On February 5, 2004 Dr. Gunnerman orally informed me that he refused to sign the documents.

I declare under penalty of perjury that the foregoing is true and correct. Executed on February 26, 2004.
